SHRINERS ARE ROYALLY ENTERTAINED IN CITY

ZUHRAH TEMPLE OF MINNEAPOLIS AND DIVAN HERE SUNDAY

BRAINERD AND VICINITY TURNED OUT IN FORCE TO WELCOME THEM

PROGRAMS GIVEN MORNING AND AFTERNOON, GREGORY PARK, IN IDEAL WEATHER

Will Come Again on Week Day

Potentate A. A. D. Rahn of Zuhrah Temple has promised local Shrinedom to come again, and the next visit will be on a week day when Zuhrah will show such a kaleidoscope of colors, so much action, so much fun that the town won't be large enough to hold all the people who wish to see them.

Brainerd has seen Zuhrah on a Sunday, when all programs were in keeping with the solemnity of the day.

But just wait and see Zuhrah on a week day!

Brainerd turned out in force Sunday to welcome the one hundred and fifty Shriners from Zuhrah Temple, Minneapolis, who with their special train, were on a tour of Northern Minnesota.

The train arrived in Brainerd at six o'clock Sunday morning, three hours ahead of its schedule. At nine o'clock local Shriners took the visitors on a tour of the city. Forty cars carried the guests to Lum park, the Tourist park, the Northwest Paper Co.'s mill, Northern Pacific railway shops and all other points of interest.

At eleven o'clock the Zuhrah band and chanters gave a sacred concert at Gregory park, which was heard by at least five thousand people. Automobiles lined the park on all four sides, in some places the cars were parked in double rows.

The concert opened with "America" by the band. R. E. Sir George W. Critton, grand commander of the Knights Templar, offered prayer. The concert lasted one hour, the famous Zuhrah Temple band and Zuhrah chanters alternating with instrumental and vocal numbers. At the close of the program, Rev. E. G. Saunderson, former pastor of the Brainerd Methodist church, pronounced the benediction.

The visiting Shriners were entertained at a banquet at 1 o'clock at the Ransford hotel, the Brainerd Shriners acting as hosts. The tables were very prettily decorated with flowers, furnished by Brainerd ladies.

George D. LaBar acted as toastmaster, introducing R. R. Wise, who expressed the pleasure of Brainerd in being honored by the visit of the distinguished guests. A. A. D. Rahn, potentate of Zuhrah Temple, responded as did also Grand Commander George W. Critton. The chanters added to the program with a number of selections.

Gregory park was again taxed to its capacity at 2:30 o'clock in the afternoon, when the final program of the day was given. The entire delegation marched to the park from their train, set out near the depot. The drum corps, directed by Noble N. L. Van Tilburg, led the parade.

Fifth street was roped off for two blocks along the park, where Captain Shuey put his Zuhrah patrol through its most intricate drills, receiving the applause of the entire audience. Captain Shuey, the "Grand Old Man" of Shrinedom, has been leading the Zuhrah patrol for the last thirty years, instituting this work in the order, which has been copied by nearly every temple in the country.

The afternoon concert consisted of both sacred and classical numbers, by both the band and the chanters. The famous Pullman Porters quartet, which has attended the needs of the Shriners on many of their pilgrimages, were featured in a number of vocal selections, and were encored a number of times. Their southern camp meetin' hymn was the hit of their program.

Potentate A. A. D. Rahn was introduced by R. R. Gould, and in a short address gave his hearers an idea of the work that is being done by his order. "The public only sees us at play," said Noble Rahn, "but there is a serious side to Shrinedom which is not as well known. He then described the ten hospitals which have been organized throughout the United States, especially for crippled children, with the idea in mind of restoring their health and assisting in making them good citizens.

Children of every race and every creed are eligible for admittance to these hospitals, the only requirement being that their parents are financially unable to give them the treatment necessary.

One of thes fine hospitals has been established in the Twin Cities, and is doing a great work. Opened to the public only last April, twelve children have already been turned out restored to their health and able to take their rightful places in society as they grow up.

The special train left Brainerd at 5:30, the depot platform being crowded with local citizens, bidding the visitors God-speed on their journey.

The last stop on the tour was made at St. Cloud Sunday evening, where a concert was given. The train was scheduled to arrive in Minneapolis about midnight, thus bringing to a close a good-fellowship visit to a dozen towns in this section of the state.

Only one incident occurred to mar the entire trip. Dr. Irish of Akeley, a member of Zuhrah Temple, wired the special asking that a stop be made at his town. This was arranged, but when the visitors arrived at Akeley, it was learned that Dr. Irish had passed away only the day before. A short memorial program was held before the train went on its way.

Brainerd Shriners, of which there are nearly sixty, have organized a Shrine club. They are members of a number of temples, chief among them are Zuhrah, of Minneapolis, Osman, of St. Paul, and Aad, of Duluth. Postmaster Carl Adams is a member of Gizeh Temple in far-off Vancouver, B. C., and R. L. Geist, manager of the Hayes-Lucas Lumber Co., belongs to El Riad Temple in Sioux Falls, S. D. Stewart Mills belongs to Falabin Temple of Michigan.

The Brainerd Shrine Club wishes to thank all who assisted in making Sunday's programs a success. This includes all who attended the concerts at Gregory park, those who contributed their automobiles for the morning tour, and the ladies who furnished the flowers for the banquet. The committee is grateful to the Brainerd Dispatch for the publicity given the event, without which it could not have succeeded. Much credit is due the Woodhead Motor

Indianapolis Has the Right Idea on Vacations

RADICAL REVISION OF STATE GAME, FISH COMMISSION

(By United Press)

St. Paul, Aug. 27.—Radical revision of the State Game and Fish commission is being planned.

According to J. F. Gould, game and fish commissioner, the new plan contemplates the letting of a contract for the fishing on the total bid plan.

At present the state lets the contract on the cost and receipts basis.

The plan is now in the hands of the attorney general for consideration as to its legality.

STOLE $100 FROM CLOTHING MAN

(By United Press)

St. Paul, Aug. 27.—Stewart Cohn, proprietor of a clothing store, was robbed of $100 this morning by a bandit who escaped.

Cohn fired at the robber as he ran. The bandit entered the store shortly after it opened and asked to see a suit of clothes. While the attention of Cohn and other clerks was drawn to the showcases, the bandit drew a revolver and ordered them to put up their hands.

HARD COAL STRIKE ONLY 5 DAYS AWAY, CONFERENCE STARTS

GOV. PINCHOT PREPARES TO TALK BUSINESS TO OPERATORS AND MINERS

WOULD NOT EXPRESS ANY OPTIMISM AS TO RESULT OF NEGOTIATIONS

(By United Press)

Harrisburg, Pa., Aug. 27.—With an anthracite strike now only five days off, Governor Pinchot of Pennsylvania, the vigorous progressive republican, prepared to talk business today with operators and miners.

In a glittering, gold decorated reception room at the state capitol he will meet them at noon to tell them their differences must be settled and mining of anthracite continued.

Pinchot himself would not express any optimism over prospects of success this morning before the conference began.

Mine leaders who came here from Atlantic City to attend the "mysterious conference" fear the enthusiastic governor cannot avoid a strike. The operators are hopeful but decline to express any definite opinion.

It is with but little hope that the conference begins. Pinchot has decided that the meetings are to be started "wide open" and at the first session this afternoon newspaper men will be present. Pinchot will then deliver his talk. Afterwards there will perhaps be executive sessions. Just what plans the governor may intend to present still was in doubt as the conference was about to open. Some expressed the opinion that he may have no plan at all, and that he may have only a soft-padded ultimatum to deliver.

The miners intimated strongly that arbitration would be satisfactory as a plan of settlement if the operators would listen to their terms for such a solution.

With all the doubt pervading the atmosphere as the conference opened, there was an element of hope that the governor, when he hears the whole story, will see a way out of the trouble by some suggestion, inspirational or otherwise, that has never been tried before.

Philip Murray, vice-president of the United Mine Workers, is head of the miners' delegation.

Governor Pinchot has been informed that John L. Lewis, chief of the union, is still in Atlantic City. It is not clear to the governor just what powers Murray has to agree to any plan that may be drawn up. There is an impression, however, that the miners' delegation would leave final steps toward settlement to Lewis.

Pinchot expects the conference to last several days. He has sent a representative to New York to work with the conferees from ten other anthracite consuming states a plan of flooding the bituminous areas in case of a strike.

SERVES NOTICE ON BOTH SIDES TO SETTLE STRIKE

Harrisburg, Pa., Aug. 27.—Governor Pinchot of Pennsylvania today served notice on the anthracite miners and operators that their differences must be settled and the threatened coal strike averted.

Unless this is done, Pinchot said, the state of Pennsylvania would use every means of protecting the public interest.

Pinchot did not advance any plan for breaking the deadlock between the two parties, only asking that they should confer with him privately—miners this afternoon and operators tomorrow morning.

Samuel D. Warriner, chairman of the operators, immediately accepted Pinchot's offer.

Philip Murray, first vice-president of the United Mine Workers, acting leader in the absence of John L. Lewis, also formally agreed.

The governor, speaking to the four representatives of miners and four of the operators in the big gold reception room of the capitol, stressed the needs of the public.

The right of the miners to a fair wage must be accepted, he pointed out. The right of the operators to a fair profit cannot be evaded. "But the general public is a party to this controversy," he said, "and its cause, as well as the rights of the other two parties, must be respected and authorized."

"The shortage of anthracite means not only huge losses in wages to the miners—but it also means the loss of health to millions of American citizens.

"I make no misrepresentation when I say anthracite-using people are also losing patience and ask you to consider that fact with care.

"The public asks that this controversy be settled and suspension of mining ba evoided.

"The public wants settlement. They need coal, and they are going to have it."

GOV. PINCHOT IN DECISIVE STATEMENT

Harrisburg, Aug. 27.—"It is my duty to use every lawful means at my command to insure the public the necessary supply."

Pinchot gave the miners assurance he would not put the matter to arbitration when he said:

"I am fully aware that the miners' demands should not be changed or abridged in any way."

Speaking before the delegation in half-moon formation about him, Pinchot opened his remarks by stating he had called them together "for the purpose of finding a way to keep anthracite mines in operation." He he said he was now acting "solely in my capacity as governor of the state of Pennsylvania and with the rights of the state of Pennsylvania and other anthracite-using states clearly in my mind."

BRIDGE MOVES 8 FEET AS TRAFFIC CONTINUES

Omaha, Neb., Aug. 27—A bridge across the Missouri river, here was moved a distance of eight feet without interfering with traffic.

Street cars and interstate traffic continued operation. Few knew the bridge upon which they were crossing the river was being moved. The work started at 9:20 p. m., and was completed at 2:45 p. m.

The bridge is being widened to accommodate increased traffic. The big structure was mounted on oiled rails and moved by jack screws.

BOYS ARE ROASTED ALIVE IN TRAGEDY

SPRING LAKE, N. J., LADS' PLAYS WIND UP IN DEATH OF TWO

Spring Lake, N. J., Aug. 27.—Play turned into stark tragedy today when Charles Spindler, 11, and William Hubbard, 16, died after being virtually roasted alive.

Dick Forman, 16, and Taylor Hubbard, 18, brother of William are being held in jail pending an investigation.

During play, which included the game of Indian, Spindler and Hubbard were tied to trees by the older boys, police say. Excelsior was piled around the youngsters. A match was applied to the pile but instead of the excelsior burning itself out quickly the oil-soaked ground around the tree sprang into flames. Unable to break through the wall of fire surrounding the two boys, the two older boys shrieked in agony. Spindler and Hubbard were charred and unconscious when dragged from the burning ground where they had been held until the ropes that bound them to the tree gave way.

At a Spring Lake hospital they regained conscious for only a few minutes.

"They set fire to us," was all they told police just before they died.

TO STOP FURTHER RIOTING, KLANSMAN KILLED SATURDAY

AUTHORITIES TAKE ACTION IN CARNEGIE, PA., WHERE PARADE CAUSED TROUBLE

SCORES OF ARRESTS MADE, MAJORITY RELEASED ON PAYING SMALL FINES

(By United Press)

Pittsburgh, Pa., Aug. 27.—District Attorney Samuel H. Gardner moved today to prevent further disturbances like the rioting in Carnegie late Saturday night which resulted in the shooting to death of Thomas R. Abbott of Atsburg, Washington county, a Ku Klux Klansman.

Gardner conferred with authorities here and officers of Carnegie in an effort to learn what caused the mob of citizens of Carnegie to attack the Klansmen with clubs and revolvers.

Chief Burgess Conley declared the mob attacked the Klansmen when the latter insisted on holding a parade without a permit. Conley said there was no application for a permit to hold the parade had been made to him.

Scores of arrests were made, but the majority were released after a small fine and a charge of carrying revolvers. One man, Patrick McDermott, undertaker of Carnegie, who was seen by eye-witnesses holding a revolver at the time Abbott fell, police say, was held in jail.

Dr. W. H. Evans, imperial wizard of the Klan, who attended the initiation of a class of candidates on the Forsythe farm preceding the riot, announced a reward of $2500 for the arrest and conviction of Abbott's slayer.

James D. Rich, king kleagle of the Klan, announced a similar reward.

SAYS THEY MAY LOSE CITIZENSHIP

Atlanta, Ga., Aug. 27.—Howard Wesley Evans and members of the Ku Klux Klan who were involved in the Carnegie, Pa., riot Saturday night are in a position of forfeiting American citizenship, declared William J. Simmons, founder and emperor of the Klan, here today.

Evans, imperial wizard for "the time being" of the Klan, "evidently invaded Pennsylvania with daggers and guns, and his very presence was an offense against peace and order. The people cannot be blamed for intercepting Evans and his followers," Col. Simmons said.

AFTER 3 WORLD'S RECORDS IN AIR

(By United Press)

Santiago, Calif., Aug. 27—Capt. Luel H. Smith and Lieut. John P. Richter, in a specially equipped De Haviland plane, went aloft today at 5:07 a. m. at Rockwell field in their third attempt to establish a world's record for distance, endurance and speed above 2,500 kilometers. For the first time in the history of aviation the plane used for the attempt will be refuelled in midair. Two refuelling planes will be used.

CHARGED WITH ATTACKING GIRL

(By United Press)

Chicago, Aug. 27—Charges that Cyrus M. Adler, 24, son of a millionaire vice-president of Sears, Roebuck and Company, attacked Miss Sylvia Wagner, 15, were dismissed when the girl failed to appear against him in police court today.

The charge of carrying concealed weapons against Adler was held in abeyance.

None of the girls relatives appeared when the case was called for arraignment.

PITTSBURGH PLUS PLAN TO BE FOUGHT BY 4-STATE BODY

(By United Press)

Minneapolis, Aug. 27.—The executive commitee of the four-state joint commission fighting the Pittsburgh plus plan in rolled steel will meet at the Radisson hotel here tonight. Several attorneys general and members of the American Bar association have also been asked.

nouncements the commission will

According to preliminary anask the attorneys general from the sections of this state to attend a meeting in Chicago next month, at which data for the fight is to be assembled, and plans laid for further action.

TRUANCY SCHOOL BOYS IN COURT

SIXTEEN TO TELL OF ALLEGED CRUELTY AT CHICAGO INSTITUTION

(By United Press)

Chicago, Aug. 27.—Sixteen boys, inmates of the Chicago Parental (truancy) School, appeared before a grand jury today to tell their stories of alleged cruelty at the institution.

The grand jury probe ordered by Judge Michael L. McKinley after preliminary hearings in criminal court is expected to result in indictments against several instructors, George E. Gorman, assistant states' attorney, declared.

The coroner's inquest into the death of James Wright, 15-year-old inmate of the school who hanged himself in a solitary cell, was to be resumed Tuesday. Wright committed suicide rather than submit to "cruel punishment," his parents charged.

Fred E. Smith, dismissed superintendent, today moved from the school to make room for his successor, O. J. Milliken.

GRADE CROSSING ACCIDENT KILLS 2, INJURES 2 MORE

(By United Press)

Milwaukee, Wis., Aug. 27—A girl and a young man were killed and another couple are near death from injuries received when a speeding northbound Milwaukee road train struck the automobile in which the four were riding near here early today.

Angeline Dominiak, 18, and Walter Middwock, 18, were killed almostly instantly, and Stella Przybyschwiski 17, and Leo Dixon, 22, were so badly injured that they may not recover.

According to witnesses the automobile was traveling at a fair rate of speed when it approached the railroad crossing.

DEPUTY SHERIFF GETS INTO TROUBLE

(By United Press)

Tulsa, Okla., Aug. 27.—Arthur Finley, deputy sheriff of Broken Arrow, today confessed membership in the masked band which a year ago kidnaped and flogged Mrs. Myrtle Spain. Adjutant General Markham announced. Markham is in charge of enforcement of martial law here, proclaimed by Governor Walton because of many kidnapings.

Bulgarian Tribesmen Invade Greek Territory

(By United Press)

Athens, Aug. 27.—Bulgarian comitadjis, the wild fighting tribesmen of the hills, have invaded Greek territory at two points near the village of Kouclaini in the neighborhood of Philippoplis.

The Athens foreign office today filed a protest with the Bulgarian charge d'affaires.

ONE MONTH OF THE YEAR SPENT IN THE BRD. LAKE REGION

INDIANA VIEWPOINT EXPOUNDED BY THREE FORMER ROTARY PRESIDENTS

"NO USE TO DO BUSINESS IN JULY OR AUGUST, SO WE ALL COME TO BRAINERD"

"One month of the year we Indianapolis people devote to our vacation," said Dick Miller, of Indianapolis, past president of the Indianapolis Rotary club. "And we spend it in the Brainerd lake region. It's getting so now down in Indianapolis that you can't do much business in July or August. Everybody goes on a vacation and so here we are, too."

"This is the fourth summer we have spent at Bay Lake. We like your fishing, your shore dinners, we enjoy your Rotary meetings in Brainerd. This vacation in the 10,000 Lakes region gives one the opportunity to enjoy God's great out-of-doors."

Rotarian Miller was one of a group of five Indianapolis Rotarians who attended the last Brainerd Rotary club meeting. They were Past Presidents Charles Hall, Dick Miller and Frank Shepherd; Cale Eaglesfield and Harry Schroeder.

Other Rotarian visitors included John Abernethy of Tulsa and John Moore of Okmulgee, Okla.; Fred Durland of Junction City, Kan.; Francis O'Donnell of Duluth; Fred Boon of Manhattan, Kan.; John Brownell of Algona, Iowa; Walter Cobban of Minneapolis.

Non-Rotarian visitors were Mr. Cornell, Thabes Cain of Minneapolis; H. J. Councilman of Duluth; R. R. Gould, Brainerd.

W. H. Gemmell read an article on Rotarian tenets, methods of community service; Rotary in local, national and international relations.

Clyde E. Parker called attention to the visit of Zuhrah Temple in Brainard Sunday.

Secretary Louis Tanner spoke on attendance records and acknowledged receipt of the Lions' bulletin.

Chairman A. J. Hayes, of the program committee, presided as President Dr. R. A. Beise had been unable to attend. After the program got well under way, Mr. Hayes made it a truly Indianapolis meeting and turned over the gavel to Past President Hall. The latter told of what his city is doing in Rotary work and then called on some of his club members who told a wealth of witty stories and winding up with Past President Miller's tribute to the Brainerd lake region.

Pres. Miller referred to the numerous luncheon clubs, now ten or more in Indianapolis and to the Rotary which there had 300 members. The luncheon club was a new type of educational force, said he, a university of practical learning. Out of incidents seen in his visit in the Brainerd lake region, the speaker drew eloquent thoughts. He was given an ovation when he concluded.

Chairman Hayes, in resuming the gavel, thanked the many visitors for their attendance and thanked most heartily all who had contributed to the splendid program which was further enlivened by the song program led by John F. Woodhead and with the piano accompaniments played by Mrs. Walter F. Wieland.

St. Paul Prepares For Little "World's Series"

St. Paul, Aug. 27.—St. Paul is preparing for a little "world's series" all of her own. Kansas City comes to Lexington park for a series of games starting Sept. 4. Lexington park should be packed during this series.

BOYS ARE ROASTED ALIVE IN TRAGEDY

SPRING LAKE, N. J., LADS' PLAYS WIND UP IN DEATH OF TWO

Spring Lake, N. J., Aug. 27.—Play turned into stark tragedy today when Charles Spindler, 11, and William Hubbard, 16, died after being virtually roasted alive.

Dick Forman, 16, and Taylor Hubbard, 18, brother of William are being held in jail pending an investigation.

During play, which included the game of Indian, Spindler and Hubbard were tied to trees by the older boys, police say. Excelsior was piled around the youngsters. A match was applied to the pile but instead of the excelsior burning itself out quickly the oil-soaked ground around the tree sprang into flames. Unable to break through the wall of fire surrounding the two boys, the two older boys shrieked in agony. Spindler and Hubbard were charred and unconscious when dragged from the burning ground where they had been held until the ropes that bound them to the tree gave way.

At a Spring Lake hospital they regained conscious for only a few minutes.

"They set fire to us," was all they told police just before they died.

TO STOP FURTHER RIOTING, KLANSMAN KILLED SATURDAY

AUTHORITIES TAKE ACTION IN CARNEGIE, PA., WHERE PARADE CAUSED TROUBLE

SCORES OF ARRESTS MADE, MAJORITY RELEASED ON PAYING SMALL FINES

(By United Press)

Pittsburgh, Pa., Aug. 27.—District Attorney Samuel H. Gardner moved today to prevent further disturbances like the rioting in Carnegie late Saturday night which resulted in the shooting to death of Thomas R. Abbott of Atsburg, Washington county, a Ku Klux Klansman.

Gardner conferred with authorities here and officers of Carnegie in an effort to learn what caused the mob of citizens of Carnegie to attack the Klansmen with clubs and revolvers.

Chief Burgess Conley declared the mob attacked the Klansmen when the latter insisted on holding a parade without a permit. Conley said there was no application for a permit to hold the parade had been made to him.

Scores of arrests were made, but the majority were released after a small fine and a charge of carrying revolvers. One man, Patrick McDermott, undertaker of Carnegie, who was seen by eye-witnesses holding a revolver at the time Abbott fell, police say, was held in jail.

Dr. W. H. Evans, imperial wizard of the Klan, who attended the initiation of a class of candidates on the Forsythe farm preceding the riot, announced a reward of $2500 for the arrest and conviction of Abbott's slayer.

James D. Rich, king kleagle of the Klan, announced a similar reward.

SAYS THEY MAY LOSE CITIZENSHIP

Atlanta, Ga., Aug. 27.—Howard Wesley Evans and members of the Ku Klux Klan who were involved in the Carnegie, Pa., riot Saturday night are in a position of forfeiting American citizenship, declared William J. Simmons, founder and emperor of the Klan, here today.

Evans, imperial wizard for "the time being" of the Klan, "evidently invaded Pennsylvania with daggers and guns, and his very presence was an offense against peace and order. The people cannot be blamed for intercepting Evans and his followers," Col. Simmons said.

AFTER 3 WORLD'S RECORDS IN AIR

(By United Press)

Santiago, Calif., Aug. 27—Capt. Luel H. Smith and Lieut. John P. Richter, in a specially equipped De Haviland plane, went aloft today at 5:07 a. m. at Rockwell field in their third attempt to establish a world's record for distance, endurance and speed above 2,500 kilometers. For the first time in the history of aviation the plane used for the attempt will be refuelled in midair. Two refuelling planes will be used.

CHARGED WITH ATTACKING GIRL

(By United Press)

Chicago, Aug. 27—Charges that Cyrus M. Adler, 24, son of a millionaire vice-president of Sears, Roebuck and Company, attacked Miss Sylvia Wagner, 15, were dismissed when the girl failed to appear against him in police court today.

The charge of carrying concealed weapons against Adler was held in abeyance.

None of the girls relatives appeared when the case was called for arraignment.

PITTSBURGH PLUS PLAN TO BE FOUGHT BY 4-STATE BODY

(By United Press)

Minneapolis, Aug. 27.—The executive commitee of the four-state joint commission fighting the Pittsburgh plus plan in rolled steel will meet at the Radisson hotel here tonight. Several attorneys general and members of the American Bar association have also been asked.

nouncements the commission will

According to preliminary an- ask the attorneys general from the sections of this state to attend a meeting in Chicago next month, at which data for the fight is to be assembled, and plans laid for further action.

TRUANCY SCHOOL BOYS IN COURT

SIXTEEN TO TELL OF ALLEGED CRUELTY AT CHICAGO INSTITUTION

(By United Press)

Chicago, Aug. 27.—Sixteen boys, inmates of the Chicago Parental (truancy) School, appeared before a grand jury today to tell their stories of alleged cruelty at the institution.

The grand jury probe ordered by Judge Michael L. McKinley after preliminary hearings in criminal court is expected to result in indictments against several instructors, George E. Gorman, assistant states' attorney, declared.

The coroner's inquest into the death of James Wright, 15-year-old inmate of the school who hanged himself in a solitary cell, was to be resumed Tuesday. Wright committed suicide rather than submit to "cruel punishment," his parents charged.

Fred E. Smith, dismissed superintendent, today moved from the school to make room for his successor, O. J. Milliken.

GRADE CROSSING ACCIDENT KILLS 2, INJURES 2 MORE

(By United Press)

Milwaukee, Wis., Aug. 27—A girl and a young man were killed and another couple are near death from injuries received when a speeding northbound Milwaukee road train struck the automobile in which the four were riding near here early today.

Angeline Dominiak, 18, and Walter Middwock, 18, were killed almostly instantly, and Stella Przybyschwiski 17, and Leo Dixon, 22, were so badly injured that they may not recover.

According to witnesses the automobile was traveling at a fair rate of speed when it approached the railroad crossing.

DEPUTY SHERIFF GETS INTO TROUBLE

(By United Press)

Tulsa, Okla., Aug. 27.—Arthur Finley, deputy sheriff of Broken Arrow, today confessed membership in the masked band which a year ago kidnaped and flogged Mrs. Myrtle Spain, Adjutant General Markham announced. Markham is in charge of enforcement of martial law here, proclaimed by Governor Walton because of many kidnapings.

Bulgarian Tribesmen Invade Greek Territory

(By United Press)

Athens, Aug. 27.—Bulgarian comitadjis, the wild fighting tribesmen of the hills, have invaded Greek territory at two points near the village of Kouclaini in the neighborhood of Phillippoplis.

The Athens foreign office today filed a protest with the Bulgarian charge d'affaires.

ONE MONTH OF THE YEAR SPENT IN THE BRD. LAKE REGION

INDIANA VIEWPOINT EXPOUNDED BY THREE FORMER ROTARY PRESIDENTS

"NO USE TO DO BUSINESS IN JULY OR AUGUST, SO WE ALL COME TO BRAINERD"

"One month of the year we Indianapolis people devote to our vacation," said Dick Miller, of Indianapolis, past president of the Indianapolis Rotary club. "And we spend it in the Brainerd lake region. It's getting so now down in Indianapolis that you can't do much business in July or August. Everybody goes on a vacation and so here we are, too."

"This is the fourth summer we have spent at Bay Lake. We like your fishing, your shore dinners, we enjoy your Rotary meetings in Brainerd. This vacation in the 10,000 Lakes region gives one the opportunity to enjoy God's great out-of-doors."

Rotarian Miller was one of a group of five Indianapolis Rotarians who attended the last Brainerd Rotary club meeting. They were Past Presidents Charles Hall, Dick Miller and Frank Shepherd; Cale Eaglesfield and Harry Schroeder.

Other Rotarian visitors included John Abernethy of Tulsa and John Moore of Okmulgee, Okla.; Fred Durland of Junction City, Kan.; Francis O'Donnell of Duluth; Fred Boon of Manhattan, Kan.; John Brownell of Algona, Iowa; Walter Cobban of Minneapolis.

Non-Rotarian visitors were Mr. Cornell, Thabes Cain of Minneapolis; H. J. Councilman of Duluth; R. R. Gould, Brainerd.

W. H. Gemmell read an article on Rotarian tenets, methods of community service; Rotary in local, national and international relations.

Clyde E. Parker called attention to the visit of Zuhrah Temple in Brainard Sunday.

Secretary Louis Tanner spoke on attendance records and acknowledged receipt of the Lions' bulletin.

Chairman A. J. Hayes, of the program committee, presided as President Dr. R. A. Beise had been unable to attend. After the program got well under way, Mr. Hayes made it a truly Indianapolis meeting and turned over the gavel to Past President Hall. The latter told of what his city is doing in Rotary work and then called on some of his club members who told a wealth of witty stories and winding up with Past President Miller's tribute to the Brainerd lake region.

Pres. Miller referred to the numerous luncheon clubs, now ten or more in Indianapolis and to the Rotary which there had 300 members. The luncheon club was a new type of educational force, said he, a university of practical learning. Out of incidents seen in his visit in the Brainerd lake region, the speaker drew eloquent thoughts. He was given an ovation when he concluded.

Chairman Hayes, in resuming the gavel, thanked the many visitors for their attendance and thanked most heartily all who had contributed to the splendid program which was further enlivened by the song program led by John F. Woodhead and with the piano accompaniments played by Mrs. Walter F. Wieland.

St. Paul Prepares For Little "World's Series"

St. Paul, Aug. 27.—St. Paul is preparing for a little "world's series" all of her own. Kansas City comes to Lexington park for a series of games starting Sept. 4. Lexington park should be packed during this series.

MAJOR GENERAL ALLEN'S RUHR SOLUTION PLAN

THE difficulties that stand in the way of a solution of the Ruhr problem seem to be insurmountable. Leaders in the governments of Europe are unable to agree upon any plan that is proposed, and the danger involved in the situation is such that each day makes it more desirable that some solution should be found for a problem that seems to be impasse. The commercial advantage of certain nations is offset by the nervous fear of other nations and politics take a place among the many inhibitions that hinder the progress of the discussions. Because of this it has been said that America might offer a leadership and advance a plan that might lead to a settlement of the difficulties. Free from the fear that underlies the attitude of certain nations, and without the disadvantage of unemployment that has resulted from the failure to settle the matter in the case of other nations, it has been said that this country might offer a plan upon which the European nations might agree.

Major General Henry T. Allen, commander of the American Army of Occupation for four years, offered a plan to the state department some time ago which the department has not been able to push because of the hostility of Germany. This plan calls for a buffer state between France and Germany. This state, composed of the territory of the Rhineland, would ease the French mind which is obsessed with the fear that Germany plans another attack upon France as soon as Germany has completely recovered from the effects of the last war.

The plan, it is understood, would place the representatives of the new state in the German reichstag, but the government of the state itself so far as internal affairs were involved would rest with the state.

The idea of a buffer state is not new. It suggests certain advantages but it has its disadvantages. The nationalism of the people within its borders would not be overcome by the fixing of boundary lines and in case of friction between France and Germany the sympathies of the people of the new state would be with the German republic.

The advantage of the plan lies in the removal of some of the causes of ill feeling. A buffer state would reduce the contacts between the two peoples with a corresponding reduction in friction. However, it appears that nothing other than a change in the attitudes of the two peoples to each other can save the situation. Unless that change takes place 1870 and 1914 will be repeated and the presence of a buffer state will not prevent a repetition of the history of the past. Interest must be directed to promoting this good feeling between France and Germany and the nations will be compelled for their own future safety to stand behind whichever nation may be threatened with attack in the future. It is impossible to safeguard the nations from future danger without risking something in the present. Plagues cannot be conquered unless some persons involve themselves in the effort to combat the plagues. Burdens are not lifted without effort and the effort demands getting under them. No problem can be solved unless the one seeking a solution becomes involved in the intricacies of the problem.

WORKERS ARE ATTRACTED BY THE EIGHT HOUR DAY

WHATEVER the workers in the steel mills may have thought of the 12-hour day—and the United States Steel corporation tried to prove that they generally favored it—workers outside of the steel mills are proving that they favor the 8-hour day. Before the corporation decided to make the 8-hour day effective they expressed the fear that they could not procure the labor necessary to make the change possible. What has happened proves that when things are tried many of the problems, that loom so large before the test is made, disappear. Workers have appeared at the steel mills asking employment in such numbers that the danger of failure to secure the needed workers to facilitate the change has been removed.

There is always a tendency to predict that a change in industrial conditions will spell disaster because conditions are static and any interference will upset the program. This is one of the reasons for hesitancy in adopting newer and better methods in industry so far as these concern labor. And yet, when some adventurous person makes a change that is to the advantage of labor, it is really astonishing how well that change serves the interests of the one who dares to initiate it.

The Ford Motor company is a recent growth and people have not forgotten the predictions that were made as to its fate when the president of the company determined to fix the wages of the workers at an unheard of level and adopt other methods of helping the workers which had not been used in other factories. The dire predictions were not fulfilled and though the automobile manufacturer encountered a great deal of opposition he has won out in spite of it and has proved that a cheap automobile can be produced by workers who earn high wages.

The department of commerce has gathered facts which prove that the trouble in industry does not issue so much from the high wages paid as from inefficiency in management. The Ford experiment goes to prove the reasonableness of this statement.

Just how far labor troubles are the result of bad management has not yet been determined. The steel mills needed labor, the introduction of the 8-hour day appeared to involve the problem of securing labor, and behold, as soon as the 8-hour day is introduced the mills have a flood of applicants. Henry Ford has no labor troubles, he has no difficulty in securing men and he has no trouble in keeping them. Perhaps, further experiments, that look to the welfare of labor, would solve more problems which the managers cannot solve and which they fear.

CHILDREN in Minnesota think that labor day is well placed coming as it does just before they assume their heavy burdens.

A MINNESOTA professor has invented an oil burner to heat his home. Why not try gasoline while the price is down?

CAR REPAIRER CRUSHED TO DEATH

(By United Press)

Minneapolis, Aug. 27.—A car repairer, believed to be Haskell Burroll, Minneapolis, was crushed to death by a train in the union station today.

The body is in the morgue pending definite identification.

JEWELRY OF ANCIENT EGYPT

Cairo Has Largest Collection of Really Great Examples, With New York a Close Second.

Even Egypt could not insure long life to works of art in the precious metals. Into the melting pot of its conquerors, its tomb robbers or its needy citizens went sooner or later incalculable treasures of gold and silver, electrum and bronze. Yet hosts of minor ones survive—statuettes, small articles of use and jewelry often of the finest quality.

Jewelry, we say, but the term is misleading, for we cannot escape from its suggestion of that modern jewelry which, with its subordination of the metal work to a profusion of sparkling diamonds and of colored gems mistakenly cut in facets in the hope that they will sparkle, too, seems almost as trivial and meretricious as Christmas tree gauds in comparison with the beautifully designed and chiseled, richly yet soberly colored, sumptuous yet dignified ornaments that Egyptian men and women wore, Mrs. Schuyler Van Rensselaer writes in the North American Review. For these, goldsmith's work is a truer term than jewelry, all the more because the Egyptians had none of our gems but only what we call semi-precious stones and, moreover, did some of their most beautiful work in gold alone. Scarcely any museum can be without some small specimens, but in Cairo is the largest store of great ones, and, next to Cairo, New York.

MARKET REPORT

(By United Press)

South St. Paul Livestock

South St. Paul, Aug. 27.—Estimated receipts at the union stockyards today: Cattle, 11,900; calves, 1,800; hogs, 4,600; sheep, 1,900; cars, 486.

Cattle—Beef steers, $4.75 to $12; cows and heifers, $3 to $9.75; canners and cutters, $2 to $3; butcher bulls, $3 to $4.25; veal calves, $4 to $10.50; stock feeding steers, $2.50 to $8.50.

Hogs—$6.50 to $8.75.

Sheep—Lambs, $7.75 to $10.75; ewes, $1 to $7.50; wethers, $5 to $8.75; yearlings, $8 to $10.75; bucks, $2 to $3.

Minneapolis Cash Grain

Wheat—No. 1 Dark Northern $1.17¾ to $1.30¾; to arrive, $1.17¾. No. 1 Northern, $1.16¾ to $1.20¾; to arrive, $1.16¾.

Corn—No. 3 Yellow, 79c to 80c.

Oats—No. 3 White, 34⅞c to 35⅜c; to arrive, 34⅞c.

Barley—Choice, 55c to 57c.

Rye—No. 2, 64½c; to arrive, 64½c.

Flaxseed—Fancy, $2.29 to $2.30; to arrive, $2.29.

St. Paul Hay Market

Timothy—No. 1, $20; No. 2, $18.50; No. 3, $14.

Alfalfa—No. 1, $25; No. 2, $23; Standard, $11.

Clover Mixed—No. 1, $18; No. 2, $13.

Midland Hay—No. 1, $14.50; No. 2, $9; No. 3, $7.

Chicago Potato Market

Chicago, Aug. 27—Receipts 119 cars. Missouri Round Whites, $2.50 to $2.60. Sacked Minnesota Early Ohios, U. S. No. 1, $2 to $2.15; poorly graded, $1.90 to $1.95.

Famous American Towns.

Cleveland, Ohio, is named for Gen. Moses Cleaveland, the founder of the city, but the extra letter A has been eliminated; probably as a result of new industrial efficiency methods. Pittsburgh honors the name of William Pitt. Its first name was Duquesne, given by the French, who had located a fort at the junction of the Allegheny and Monongahela rivers. After its capture by the English in 1758, George Washington, then an officer of British colonial troops, suggested that it be named Fort Pitt. The nearby settlement later became known as Pittsburgh. Hot Springs is a noted city of Arkansas and is named for the 47 large hot springs now included in an area which the government has acquired as a national park. The water is so warm that it must be sipped like coffee, while some of the springs will boil an egg. Rheumatic troubles are especially benefited by bathing in the waters there.

Boston Really "St. Botolf's."

Two hundred and ninety-two years ago a colony of well-to-do Puritans, under the personal direction of Gov. John Winthrop, established a settlement in Massachusetts. They christened their new home in honor of their old home town of St. Botolf's, on the coast of Lincolnshire, England, but Americanized the name by shortening it to Boston. Baltimore was named for Cecil Calvert (Lord Baltimore) whom King James I had granted a colony that included our present state of Maryland.—New York Herald.

Handling Eggplants With Gloves.

So sensitive is an eggplant that the mere warmth of bare fingers pressing upon the surface ever so lightly, bruising the tender tissues underneath the skin the tiniest bit, will cause it to decay. This slight mashing of the tissues takes place in any event, but if they do not come directly in contact with warm hands it does not have any harmful effects on the eggplants. For this reason professional packers of the vegetable wear canvas gloves.

When in Need of Help—Call 74

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Sage Tea and Sulphur Darkens So Naturally That Nobody Can Tell

Hair that loses its color and lustre or when it fades, turns gray, dull and lifeless is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair s onaturaly, so evenly, that nobody can possibly tel it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Slphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—Advt.

"From Coast to Coast"

475 DEPARTMENT STORES OPERATED IN 33 STATES

THIS popular service-and-value-giving system of stores, conceded to be the "World's largest chain department store organization" and an institution of National import, serving more than a million homes from its 475 economy units, is soon to inaugurate an epoch of mercantile achievements in which every man, woman and child in this great community will find much to interest them.

Announcement of the opening date of the new local J. C. Penney Company Store will be made in a few days. Then the enjoyment, the benefits, the savings, the lasting satisfaction others have been experiencing in their daily lives will also be yours to experience. Watch for further announcements!

Time—the Great Maturist

An acorn does not grow into a great, strong, healthy oak tree in a day. The J. C. Penney Company did not become an institution of National importance over night. Like the growth of the tree, it developed by the process of time, each year becoming stronger with new branches reaching out in every direction. Starting with one small store in Wyoming in 1902, branch Stores continued to appear year after year until today—twenty-one years later—there are 475 branches extending their influence and serving the people of 33 States. Of this number, 104 Department Stores are to be the product of this year, many of which have already matured. Mr. J. C. Penney, still active in the affairs of the Company, builded better than he knew when in 1902 he laid the foundation on which eventually was to rest this Nation-wide institution.

It's Not What You Pay That Counts

Human nature is pretty much the same wherever you meet it. It is natural that in buying your personal and home needs you should seek the highest possible value for the price you pay. This applies, no doubt, whether your expenditures are limited or unlimited. After all, it is not what you pay that counts—even though the price be small—but what you get for what you pay! This Company does not ask for the whole trade of this or any other community—it wants only that trade to which it can promise and give the largest value for the dollar. It is not large profits that concern us, but the establishing of a safe and sound foundation for a business here that will be lasting. The enormous purchasing power created by our merchandising requirements for 475 Department Stores makes possible the giving of the unmatchable values we do throughout the year.

33 STATES STORES—475

Imagine if You Can—

Our buyers in New York, St. Paul and St. Louis have been busy purchasing dependable Fall and holiday merchandise for the 475 Department Stores comprising this Nation-wide institution. Imagine the purchasing power of these Buyers! Imagine the enormous quantities of merchandise they require! Imagine the eagerness of manufacturers everywhere to secure such immense orders as our Buyers have to give! Imagine, too, with what readiness manufacturers offer the cream of their goods and the price-concessions they willingly give! Imagine the economy derived by each of our Stores from the operation of so many Stores—475 Stores operated practically as one! All these savings revert to our customers. They get more in quality and service, and pay less for it.

"Tigers and Deer Do Not Stroll Together"

The above caption is a famous old Chinese proverb, the net good it suggests being that a business policy of ever-changing procedure does not wear well with the public which has a right to expect the same square treatment today, tomorrow and every day. The J. C. Penney Company Stores never hold so-called "sales." They prefer to give their patrons the same square deal the year 'round. Furthermore, we do not give orders to take quality out of our goods in order to reduce our prices. New, fresh, reliable merchandise is arriving daily and it never remains in our Stores long enough to grow old, shopworn or otherwise undersirable, again eliminating the need of sales. We sell for cash only. No charge accounts. By carrying your purchases home you save expensive delivery charges. These are some of the factors that have made possible the growth of this Company and given to it a Nation-wide popularity.

Midland Hay—No. 1, $14.50; No. 2, $9; No. 3, $7.

Chicago Potato Market

Chicago, Aug. 27—Receipts 119 cars. Missouri Round Whites, $2.50 to $2.60. Sacked Minnesota Early Ohios, U. S. No. 1, $2 to $2.15; poorly graded, $1.90 to $1.95.

Famous American Towns.

Cleveland, Ohio, is named for Gen. Moses Cleaveland, the founder of the city, but the extra letter A has been eliminated; probably as a result of new industrial efficiency methods. Pittsburgh honors the name of William Pitt. Its first name was Duquesne, given by the French, who had located a fort at the junction of the Allegheny and Monongahela rivers. After its capture by the English in 1758, George Washington, then an officer of British colonial troops, suggested that it be named Fort Pitt. The nearby settlement later became known as Pittsburgh. Hot Springs is a noted city of Arkansas and is named for the 47 large hot springs now included in an area which the government has acquired as a national park. The water is so warm that it must be sipped like coffee, while some of the springs will boil an egg. Rheumatic troubles are especially benefited by bathing in the waters there.

Boston Really "St. Botolf's."

Two hundred and ninety-two years ago a colony of well-to-do Puritans, under the personal direction of Gov. John Winthrop, established a settlement in Massachusetts. They christened their new home in honor of their old home town of St. Botolf's, on the coast of Lincolnshire, England, but Americanized the name by shortening it to Boston. Baltimore was named for Cecil Calvert (Lord Baltimore) whom King James I had granted a colony that included our present state of Maryland.—New York Herald.

Handling Eggplants With Gloves.

So sensitive is an eggplant that the mere warmth of bare fingers pressing upon the surface ever so lightly, bruising the tender tissues underneath the skin the tiniest bit, will cause it to decay. This slight mashing of the tissues takes place in any event, but if they do not come directly in contact with warm hands it does not have any harmful effects on the eggplants. For this reason professional packers of the vegetable wear canvas gloves.

When in Need of Help—Call 74

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Sage Tea and Sulphur Darkens So Naturally That Nobody Can Tell

Hair that loses its color and lustre or when it fades, turns gray, dull and lifeless is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair s onaturaly, so evenly, that nobody can possibly tel it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Slphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—Advt.

"From Coast to Coast"

475 DEPARTMENT STORES OPERATED IN 33 STATES

THIS popular service-and-value-giving system of stores, conceded to be the "World's largest chain department store organization" and an institution of National import, serving more than a million homes from its 475 economy units, is soon to inaugurate an epoch of mercantile achievements in which every man, woman and child in this great community will find much to interest them.

Announcement of the opening date of the new local J. C. Penney Company Store will be made in a few days. Then the enjoyment, the benefits, the savings, the lasting satisfaction others have been experiencing in their daily lives will also be yours to experience. Watch for further announcements!

Time—the Great Maturist

An acorn does not grow into a great, strong, healthy oak tree in a day. The J. C. Penney Company did not become an institution of National importance over night. Like the growth of the tree, it developed by the process of time, each year becoming stronger with new branches reaching out in every direction. Starting with one small store in Wyoming in 1902, branch Stores continued to appear year after year until today—twenty-one years later—there are 475 branches extending their influence and serving the people of 33 States. Of this number, 104 Department Stores are to be the product of this year, many of which have already matured. Mr. J. C. Penney, still active in the affairs of the Company, builded better than he knew when in 1902 he laid the foundation on which eventually was to rest this Nation-wide institution.

It's Not What You Pay That Counts

Human nature is pretty much the same wherever you meet it. It is natural that in buying your personal and home needs you should seek the highest possible value for the price you pay. This applies, no doubt, whether your expenditures are limited or unlimited. After all, it is not what you pay that counts—even though the price be small—but what you get for what you pay! This Company does not ask for the whole trade of this or any other community—it wants only that trade to which it can promise and give the largest value for the dollar. It is not large profits that concern us, but the establishing of a safe and sound foundation for a business here that will be lasting. The enormous purchasing power created by our merchandising requirements for 475 Department Stores makes possible the giving of the unmatchable values we do throughout the year.

33 STATES STORES—475

Imagine if You Can—

Our buyers in New York, St. Paul and St. Louis have been busy purchasing dependable Fall and holiday merchandise for the 475 Department Stores comprising this Nation-wide institution. Imagine the purchasing power of these Buyers! Imagine the enormous quantities of merchandise they require! Imagine the eagerness of manufacturers everywhere to secure such immense orders as our Buyers have to give! Imagine, too, with what readiness manufacturers offer the cream of their goods and the price-concessions they willingly give! Imagine the economy derived by each of our Stores from the operation of so many Stores—475 Stores operated practically as one! All these savings revert to our customers. They get more in quality and service, and pay less for it.

"Tigers and Deer Do Not Stroll Together"

The above caption is a famous old Chinese proverb, the net good it suggests being that a business policy of ever-changing procedure does not wear well with the public which has a right to expect the same square treatment today, tomorrow and every day. The J. C. Penney Company Stores never hold so-called "sales." They prefer to give their patrons the same square deal the year 'round. Furthermore, we do not give orders to take quality out of our goods in order to reduce our prices. New, fresh, reliable merchandise is arriving daily and it never remains in our Stores long enough to grow old, shopworn or otherwise undersirable, again eliminating the need of sales. We sell for cash only. No charge accounts. By carrying your purchases home you save expensive delivery charges. These are some of the factors that have made possible the growth of this Company and given to it a Nation-wide popularity.

HENRY C. ZIERKE PASSED AWAY

Died at a Local Hospital Sunday Morning From Bowel Trouble

WAS BORN IN GLENCOE IN 1874

Had Resided in Brainerd Past 20 Years, Engaged in Stock Buying, Etc.

Henry C. Zierke, for many years a resident of Brainerd, died at a local hospital about eight o'clock Sunday morning, death resulting from bowel trouble, for which he had recently been operated upon.

Deceased was born at Glencoe, Minnesota, May 10th, 1874, where he grew to manhood. He has resided in Brainerd for the past twenty years, where he has been engaged in the livery business, stock buying, conducting auctions, etc. Last year the family moved to the J. K. Black farm, four miles east of the city, where Mr. Zierke has conducted a dairy.

Beside his wife, Mr. Zierke is survived by a son and one daughter, Vernon, and Mrs. Floyd Hall, all of Brainerd. Deceased was a member of the Woodmen, the A. O. U. W., and the Yeoman lodges.

The funeral will be held on Tuesday afternoon at 2:30 o'clock from the Methodist church, Rev. E. A. Cooke, officiating. Interment will be made in Evergreen cemetery. Friends may view the remains at the church during the hour preceding the services.

HOUSE PARTLY DESTROYED

Fire of Unkown Origin 2 A. M. Sunday at Residence Corner North Fourth and Bluff

Fire of unknown origin at two o'clock Sunday morning partially destroyed the dwelling at the corner of North Fourth street and Bluff avenue, burning the interior quite badly and the outside walls on two sides.

Dr. R. A. Hallquist, city dairy inspector had occupied the house for several years, but moved out of it only last week. His Ford coupe stood so close to the building that it caught fire, burning the top, one tire and breaking all of the windows.

The house was owned by A. C. Weber, who is building a modern home on the rear of the same lot, facing Bluff avenue. It is understood that Mr. Weber had intended to remodel the old house for rental purposes. It was one of the landmarks of that part of the city.

HOW MANY WILL FORD CARRY?

Manager W. R. Hiller of Lyceum Anxious to Find Out Car Capacity

How many persons will a Ford car carry? Manager W. R. Hiller of the Lyceum theatre has never had this question answered to his satisfaction, and he proposes to ascertain to his old satisfaction on this coming Wednesday and Thursday.

These two nights, August 29th and 30th, are designated as "Ford Nights," and no other make of automobile will be recognized. The Ford alone holds full sway.

Mr. Hiller makes the folowing proposition to owners of the "Universal Car." Bring all the passengers you can haul in your touring car or sedan, between the ages of 5 and 99 years. The entire load will be admitted to the Lyceum theatre at the lump sum of $1.25. All that can be packed into a Ford roadster or Coupe wi be admitted for 75c.

In addition to this there will be a $2 cash prize to the driver who brings the most people in his touring car or sedan, and $1 cash to the one who brings the most people in a roadster or coupe. In case of a tie, hte money goes to the driver who unloaded and entered the theatre first.

There are a few conditions attached to this offer, but all are very fair and easily met. Drivers must pull up in front of the Lyceum, get out, have the passengers counted and enter the theatre. No loads will be counted before 7 p. m. and none after 9 p. m.

Mr. Hiller further states that all passengers to be counted must be in the car, not on the running boards or fenders. They must be packed inside with the doors closed. Pack the occupants in as deep as possible can openers will be furnished if they are necesary for unloading.

First Recorded Auto "Smash."

The first automobile "smash" on record occurred in 1896, when Jonathan West of Rochester, N. Y., riding in a car, collided with a wagon owned by a laundry company.

CLOTHING CO. ROBBED

Complete Outfit of Men's Wearing Apparel Taken From "The Plymouth"

The Plymouth Clothing Company, corner of Seventh and Laurel streets, was entered by thieves Saturday night, and a complete outfit of men's wearing apparel taken.

Entry was made through the tailor shop in the basement. A partition made of building paper was cut away and easy access found to the store above.

It is said that the robber took only what he needed to complete his wardrobe, a complete outfit, from underwear, to shirts, sox, shoes, ties, a hat, suit, etc., also a traveling bag. Money in the cash register is said to have been untouched.

No clues have been found as to the robbery, though police feel that the guilty party must have known the premises very well, from the manner in which admittance was gained.

SHRINERS ARE ROYALLY ENTERTAINED IN CITY

(Continued From Page 1)

Co., and the Lively Auto Co. for the trucks and cars furnished, to the mayor, city police department and the park board, for their share in making possible the programs.

The committees of local Shriners in charge of the day's program are as follows:

General committee — Harry J. Carlson, George D. LaBar, R. R. Wise, G. W. Chadbourne.

"SUMMER FOLLIES" AT THE NEW PARK

To be Presented in Conjunction With Pictures Wednesday and Thursday, August 29-30

MATINEES AND EVENINGS

Miss Marie Clark Director and Instructor of Dances and Songs Used at Performance

Fifty Brainerd kiddies will be seen in the "Summer Follies" to be presented by Miss Marie Clark Wednesday and Thursday, August 29 and 30, matinee and evening at the New Park Theatre in conjunction with the regular picture program of Charles Ray in "Smudge."

The program includes a "Scarf Dance," classical Grecian dance, interpreting Grieg's Berceuse. Girls of high school age will take part.

"The Parasol," wee babies of from 3 to 6 years in a petite promenade on a sunny afternoon.

"The Old Time Song Hit," an old fashioned wife from musical comedy. "Nesting Time," with Iva Gaskill in the lead and ten quaint little chorus ladies about six years of age.

Jackie Coogan as visualized by some Brainerd young girls, our little favorite Jackie in one of his happiest moods.

There have been many interpretations of much used "Love Me," but none so comical as Little Helen Marie Stadlbauer in an old maid's version of the song.

"Miss Vanity," the ever present young lady, danced by ten pretty and graceful slips of girls.

The children taking part come from all parts of the city and have been instructed during the summer months by Miss Clark. All dances and songs have been arranged by Miss Clark.

IN MUNICIPAL COURT

Three Cases Brought to Attention of Municipal Judge J. H. Warner

In municipal court Monday morning Wilmar Behme, of Barrows was arraigned on a charge of assault in the third degree on the person of Fred Hanbrick. The case was continued until Monday morning, September 10th, $100 bonds being furnished.

Albert Trenpe was arraigned on a statutory charge, waived examination and was bound over to the grand jury at the next term of the district court.

Harlan Holman, of Northeast Brainerd, plead guilty to a charge of intoxication and paid a fine of $10.

RENT THAT ROOM—CALL 74

Stock Elimination SALE

As we have decided to discontinue our paint line entirely we are offering for quick sale the following lots of the well known **LOWE BROTHERS** paint at less than present cost.

Sizes in these lots run from gallons to pints, all priced on the gallon basis and will be sold in any amount desired.

30 gallon outside house paint, various colors at $2.85 per gal.
8 gallon floor paint, various colors, at $2.60 per gal.
10 gallon flat paint several colors, at $2.40 per gal.
13 quarts oil stain, various shades, at $1.00 per qt.

AUTOMOBILE ACCIDENTS

Several Recorded as Result of Heavy Traffic in Brainerd "Shrine Sunday"

Several automobile accidents are reported by the police as a result of the heavy traffic of Sunday, when many cars were out for the Shrine programs.

A truck belonging to the Haydon Company collided with a Willys-Knight coupe at the corner of Front and Sixth streets at four o'clock Sunday afternoon. The truck lost a wheel and the coupe suffered damage to fenders and one side of the body.

Kenneth Bouma, employed by the Haydon Co., was driving the truck, which is stated to have had defective steering gear, making it impossible to turn on the intersection. The coupe belonged to George M. Middleton, of Davenport, Iowa.

It is said by the police that a Ford driven by Frank Tomlinson collided with Edgar Olson's car on East Oak street late Sunday afternoon, badly damaging both cars, the extent of which is not known at this time.

HOME FOR HOMELESS GIRLS

Brainerd Visitors at the Grace Nettleton Home at Harrogate, Tennessee

"A home, a community, a nation never rises higher than the ideals of its women."

The significance of the above was impressed upon a party of Brainerd residents recently when they visited the Grace Nettleton Home for girls at Harrogate, Tennessee, while making a trip through several southern states. This is a Christian home school that has given twenty years of service for homeless girls in the mountains of Tennessee, Kentucky and Virginia and has cared for over 400 girls. Little homeless girls are taken, clothed, mothered, schooled, taught housework, sewing and the Bible and given every opportunity to develop into trained and splendid women.

Through the courtesy of Mrs. Wild, formerly of Bemidji, who has recently taken charge of the school as matron, the Brainerd party was shown through the large home. About one-fourth of the income is furnished by the parents or guardians of the children and the remainder must come from interested friends. They were impressed by the economical way in which the school is run, every luxury being eliminated and not a cent wasted. It requires about eighty-five dollars to meet the expense of one girl for a year. There are about sixty girls at the school at this time.

HENRY C. ZIERKE PASSED AWAY

Died at a Local Hospital Sunday Morning From Bowel Trouble

WAS BORN IN GLENCOE IN 1874

Had Resided in Brainerd Past 20 Years, Engaged in Stock Buying, Etc.

Henry C. Zierke, for many years a resident of Brainerd, died at a local hospital about eight o'clock Sunday morning, death resulting from bowel trouble, for which he had recently been operated upon.

Deceased was born at Glencoe, Minnesota, May 10th, 1874, where he grew to manhood. He has resided in Brainerd for the past twenty years, where he has been engaged in the livery business, stock buying, conducting auctions, etc. Last year the family moved to the J. K. Black farm, four miles east of the city, where Mr. Zierke has conducted a dairy.

Beside his wife, Mr. Zierke is survived by a son and one daughter, Vernon, and Mrs. Floyd Hall, all of Brainerd. Deceased was a member of the Woodmen, the A. O. U. W., and the Yeoman lodges.

The funeral will be held on Tuesday afternoon at 2:30 o'clock from the Methodist church, Rev. E. A. Cooke, officiating. Interment will be made in Evergreen cemetery. Friends may view the remains at the church during the hour preceding the services.

HOUSE PARTLY DESTROYED

Fire of Unkown Origin 2 A. M. Sunday at Residence Corner North Fourth and Bluff

Fire of unknown origin at two o'clock Sunday morning partially destroyed the dwelling at the corner of North Fourth street and Bluff avenue, burning the interior quite badly and the outside walls on two sides.

Dr. R. A. Hallquist, city dairy inspector had occupied the house for several years, but moved out of it only last week. His Ford coupe stood so close to the building that it caught fire, burning the top, one tire and breaking all of the windows.

The house was owned by A. C. Weber, who is building a modern home on the rear of the same lot, facing Bluff avenue. It is understood that Mr. Weber had intended to remodel the old house for rental purposes. It was one of the landmarks of that part of the city.

HOW MANY WILL FORD CARRY?

Manager W. R. Hiller of Lyceum Anxious to Find Out Car Capacity

How many persons will a Ford car carry? Manager W. R. Hiller of the Lyceum theatre has never had this question answered to his satisfaction, and he proposes to ascertain to his old satisfaction on this coming Wednesday and Thursday.

These two nights, August 29th and 30th, are designated as "Ford Nights," and no other make of automobile will be recognized. The Ford alone holds full sway.

Mr. Hiller makes the folowing proposition to owners of the "Universal Car." Bring all the passengers you can haul in your touring car or sedan, between the ages of 5 and 9 years. The entire load will be admitted to the Lyceum theatre at the lump sum of $1.25. All that can be packed into a Ford roadster or Coupe wi be admitted for 75c.

In addition to this there will be a $2 cash prize to the driver who brings the most people in his touring car or sedan, and $1 cash to the one who brings the most people in a roadster or coupe. In case of a tie, hte money goes to the driver who unloaded and entered the theatre first.

There are a few conditions attached to this offer, but all are very fair and easily met. Drivers must pull up in front of the Lyceum, get out, have the passengers counted and enter the theatre. No loads will be counted before 7 p. m. and none after 9 p. m.

Mr. Hiller further states that all passengers to be counted must be in the car, not on the running boards or fenders. They must be packed inside with the doors closed. Pack the occupants in as deep as possible can openers will be furnished if they are necesary for unloading.

First Recorded Auto "Smash."

The first automobile "smash" on record occurred in 1896, when Johnthan West of Rochester, N. Y., riding in a car, collided with a wagon owned by a laundry company.

CLOTHING CO. ROBBED

Complete Outfit of Men's Wearing Apparel Taken From "The Plymouth"

The Plymouth Clothing Company, corner of Seventh and Laurel streets, was entered by thieves Saturday night, and a complete outfit of men's wearing apparel taken.

Entry was made through the tailor shop in the basement. A partition made of building paper was cut away and easy access found to the store above.

It is said that the robber took only what he needed to complete his wardrobe, a complete outfit, from underwear, to shirts, sox, shoes, ties, a hat, suit, etc., also a traveling bag. Money in the cash register is said to have been untouched.

No clues have been found as to the robbery, though police feel that the guilty party must have known the premises very well, from the manner in which admittance was gained.

SHRINERS ARE ROYALLY ENTERTAINED IN CITY

"SUMMER FOLLIES" AT THE NEW PARK

To be Presented in Conjunction With Pictures Wednesday and Thursday, August 29-30

MATINEES AND EVENINGS

Miss Marie Clark Director and Instructor of Dances and Songs Used at Performance

Fifty Brainerd kiddies will be seen in the "Summer Follies" to be presented by Miss Marie Clark Wednesday and Thursday, August 29 and 30, matinee and evening at the New Park Theatre in conjunction with the regular picture program of Charles Ray in "Smudge."

The program includes a "Scarf Dance," classical Grecian dance, interpreting Grieg's Berceuse. Girls of high school age will take part.

"The Parasol," wee babies of from 3 to 6 years in a petite promenade on a sunny afternoon.

"The Old Time Song Hit," an old fashioned wife from musical comedy. "Nesting Time," with Iva Gaskill in the lead and ten quaint little chorus ladies about six years of age.

Jackie Coogan as visualized by some Brainerd young girls, our little favorite Jackie in one of his happiest moods.

There have been many interpretations of much used "Love Me," but none so comical as Little Helen Marie Stadlbauer in an old maid's version of the song.

"Miss Vanity," the ever present young lady, danced by ten pretty and graceful slips of girls.

The children taking part come from all parts of the city and have been instructed during the summer months by Miss Clark. All dances and songs have been arranged by Miss Clark.

IN MUNICIPAL COURT

Three Cases Brought to Attention of Municipal Judge J. H. Warner

In municipal court Monday morning Wilmar Behme, of Barrows was arraigned on a charge of assault in the third degree on the person of Fred Hanbrick. The case was continued until Monday morning, September 10th, $100 bonds being furnished.

Albert Trenpe was arraigned on a statutory charge, waived examination and was bound over to the grand jury at the next term of the district court.

Harlan Holman, of Northeast Brainerd, plead guilty to a charge of intoxication and paid a fine of $10.

AUTOMOBILE ACCIDENTS

Several Recorded as Result of Heavy Traffic in Brainerd "Shrine Sunday"

Several automobile accidents are reported by the police as a result of the heavy traffic of Sunday, when many cars were out for the Shrine programs.

A truck belonging to the Haydon Company collided with a Willys-Knight coupe at the corner of Front and Sixth streets at four o'clock Sunday afternoon. The truck lost a wheel and the coupe suffered damage to fenders and one side of the body.

Kenneth Bouma, employed by the Haydon Co., was driving the truck, which is stated to have had defective steering gear, making it impossible to turn on the intersection. The coupe belonged to George M. Middleton, of Davenport, Iowa.

It is said by the police that a Ford driven by Frank Tomlinson collided with Edgar Olson's car on East Oak street late Sunday afternoon, badly damaging both cars, the extent of which is not known at this time.

HOME FOR HOMELESS GIRLS

Brainerd Visitors at the Grace Nettleton Home at Harrogate, Tennessee

"A home, a community, a nation never rises higher than the ideals of its women."

The significance of the above was impressed upon a party of Brainerd residents recently when they visited the Grace Nettleton Home for girls at Harrogate, Tennessee, while making a trip through several southern states. This is a Christian home school that has given twenty years of service for homeless girls in the mountains of Tennessee, Kentucky and Virginia and has cared for over 400 girls. Little homeless girls are taken, clothed, mothered, schooled, taught housework, sewing and the Bible and given every opportunity to develop into trained and splendid women.

Through the courtesy of Mrs. Wild, formerly of Bemidji, who has recently taken charge of the school as matron, the Brainerd party was shown through the large home. About one-fourth of the income is furnished by the parents or guardians of the children and the remainder must come from interested friends. They were impressed by the economical way in which the school is run, every luxury being eliminated and not a cent wasted. It requires about eighty-five dollars to meet the expense of one girl for a year. There are about sixty girls at the school at this time.

FANNING WITH FARRELL

McGRAW'S GENIUS TAKES TEAM TO VICTORY

By HENRY L. FARRELL
United Press Sports Editor

New York, Aug. 27.—After the genius of leadership he has shown in the last three seasons, it might be true, even if it sounds a little unfair to his boys, to say that John McGraw can win a pennant with any kind of a good ball club.

The New York Giants of 1922 were, in comparison to the other clubs in the National League, a fine ball club, but it is almost certain that they would not have won the pennant behind any manager other than McGraw.

No other manager, with such a dilapitated pitching staff, could have urged the Giants to the heights which they attained in the critical parts of the 1923 pennant race.

Outside of the pitching department, which some tacticians consider the most important, the Giants have a great team. McGraw has said he figures it to be the smartest and the best ball club he has ever handled.

In building up what no doubt will turn out to be at least a three-time pennant winner, McGraw was able to find everything but good, young pitchers, and since the New York club has more money to spend than any other National League club, it seems but fate that has reduced the team to such poverty in pitching.

From the results of the 1921 and 1922 pennant races, it might be argued that a great team can win without great pitchers, but the results are achieved only by genius in direction. McGraw has that genius and the figures show that it is possessed by no other manager.

MARK ARIE WON G. A. HANDICAP

Chicago, Aug. 27—Mark Arie, veteran Champaign, Ill., trapshooter, broke 96 targets to win the Grand American handicap Saturday at the South Shore Country club.

Shooting at scratch, 236 yards from the target, Arie was one up on his nearest competitor, F. Hughes of Mobridge, S. D.,Arie also took high total honors for the week, breaking 956 of 1,000 birds shot at, giving him the governor's cup.

Frink Loses Title

The Grand American handicap title had been held by J. F. Frink, Worthington, Minn. His was one of three titles won by Minnesotans last year, Dave Fauskee, also of Worthington, having held the North American amateur title and Mrs. E. L. King, Winona, the North American honors for women. Mrs. King was the ony one of the three to repeat this year.

A stiff wind danced the targets about to furnish additional handicaps for the shooters, and a half dozen bird busters who had a chance to tie Arie, fell down on their last 25 birds and dropped low on the tally sheet. Saturday's event was the only one of the week that Arie had won, but each day he scored high enough to land the high total for the week.

Frank Hughes, Mobridge, S. D., topnotcher will probably see his last three targets of today's event for the rest of his natural life. Hughes slammed down 95 of the first 97 targets, and then, luckily for Arie, he muffed his final three shots and lost his chance at the crown, in the most dramatic moment of the big tournament.

Five Tie for Third

Five shooters tied for third honors with 94 birds killed of the 100 throw. Those who descended from the platform with 94 to their credit were Adam Frankenholz, Chicago; Gus Payne, Tulsa, Okla.,; E. M. Rousch, Saskatchewan, Sask.,; Joe Dawson of Omaha, and S. R. Hunt of Troy, Ohio.

MRS. MELVIN JONES LEADS IN TOURNEY

(By United Press)

Exmoor Country Club, Highland Park, Ill., Aug. 27.—Mrs. Melvin Jones, Olympia, today took an early lead in the qualifying round of the women's golf championship tournament with a card of 86.

TIDEN-NORTON WIN NATIONAL DOUBLES

Brookline, Mass., Aug. 27.—William T. Tilden, American champion and Brian Norton, the young South American star, became the American doubles champions here when they defeated Richard Norris Williams and Watson Washburn, former Davis cup pair at 3-6, 6-2, 6-3, 5-7 and 6-2.

Before a fashionable gallery, the two teams engaged in a bitterly contested five set match in which service predominated in almost every game.

At the end of four sets the outcome was doubtful, but Williams and Washburn became unsteady in the final set, and their errors, coupled with the superior service of the British-American pair, caused them to lose the match.

Norton, the South African, played most brilliantly, and he was especially effective on his service as he failed only twice in the entire match to make his service good.

In the final round of the Longwood invitation tournament, Mrs. Molla Mallory, former American champion, defeated Miss Kathlene McKane, ranking star of England, in straight sets at 6-2 and 6-1.

H. L. Johnson of Weban, Mass., won the national boys' single championship by taking the final round from his cousin, M. T. Hill, at 4-6, 6-4 and 6-4.

J. W. Wear and son of Philadelphia won the father and son doubles championship by defeating A. H. Chapin and son of Springfield, Mass., at 6-1 and 8-6.

William T. Tilden and Mrs. Molla Mallory won the mixed doubles championship by defeating J. B. Hawkes, the Australian star, and Miss Kathlene McKane, the British star, at 6-3, 2-6 and 10-8.

George Lott, Chicago, won the national junior singles championship when he defeated E. C. Chandler of Berkeley, Calif., at 6-3 and 11-9.

DATES ARE SET FOR WORLD'S SERIES; TO START OCT. 9 OR 10

(By United Press)

New York, Aug. 27.—This year's world's series between National and American league champions will start on Oct. 9 or 10, according to present plans.

The major league season, closing a week later than in 1922, is scheduled to end Oct. 7. Should both New York clubs maintain their places at the top for the third successive year, the annual title struggle probably will begin Tuesday, Oct. 9. In the event either or both is displaced, however, and the champion teams separated by a great distance, the series likely will start Oct. 10.

No action on details will be taken by baseball officials until more certainty exists as to the outcome of the pennant races. They will be worked out some time next month by President Heydler and Johnson of the National and American leagues in conference with Commissioner Landis.

WEEK'S REVIEW OF THE BIG LEAGUES

New York, Aug. 27.—The Giants improved slightly last week on their performance of the week before, winning four games of the seven played. Cincinnati, however, continued to creep up alarmingly, winning all six of the week's games. Pittsburgh also had a perfect percentage, taking all five played. Yesterday the Giants and Pittsburgh won, while the Reds took a rest. Boston slumped lower, losing four of the six games played. Philadelphia lost five out of six.

In the American, the Yankees lost a slight portion of their lead, dropping four of the six games played during the week, and also losing yesterday's game to Cleveland, which won three of the five week day games. Boston added to its lead for last place by losing six out of seven last week, but won from Chicago yesterday.

Twin Bill Split

Crosby Aug. 27—Hibbing and Crosby divided a double header here Sunday. Hibbing won the first game, 5 to 2, after playing 10 innings but dropped the second contest, 6 to 2.

Delaney-Wiggins

The main bout at Fort Snelling on August 28 at 8 P. M. will be between Jimmy Delaney, wel known in Brainerd, and Chuck Wiggins, being 10 rounds to a decision.

40 POUND "MUSKIES" RECORD IN GAME CLASS

Minneapolis, Aug 27—A muskallunge which tipped the scales at 40 pounds and broke the record for game "muskies," was placed on display last week in Witt's Market House window. It was caught in Whitefish lake, near Pequot, by H. D. Williams of Pequot, with a 25 pound tested line, after an hour's battle. The fish was the largest game "muskie" ever displayed in the store Roy Witt said, though he had handled commercial muskies weighing 57 pounds.

Swimmer Lowers Record

Chicago, Aug. 27—Eugene Bolden used a powerful crawl stroke in winning the 15th annual river swim, conducted by the Illinois Athletic club. Bolden covered the three mile course in 58:09 minutes, more than two minutes slower than the record. John H. Ball of Peoria finished second.

GOLF TOURNAMENT ON LABOR DAY

Preparations are under way for the big golf tournament which will be staged on Labor day, when Little Falls will send twelve of her best players to meet the Brainerd team on the links of the local country club.

This is the last tournament of the season, and it is hoped to make it the most interesting, with much glory for the home team. Brainerd made a pilgrimage to Little Falls early in the season, and were beaten by a close score. Naturally it is expected that the tables will be turned on Labor day.

Of particular interest to members of the country club, is the wiener roast, to be held on Tuesday evening. This event has been in the making for the past month, it first being decided to hold it on August 30th. But because that date is payday and on account of the Crow Wing County Fair in session at that time, it was decided to hold the roast on Tuesday.

During the afternoon there will be both a men's and a ladies' tournament. The ladies' play will begin at three o'clock and the men's a half hour later. Notify the grounds keeper that you will enter these plays.

The wiener roast is scheduled to begin promptly at 5:30, and all members are requested to be on hand at that hour. Each person is to bring a fork, spoon and cup.

After full justice has been done to the roast, a series of games will be played around the camp fire. On account of the short evenings, the whole program must be staged at the appointed hours.

STATUS OF BOXING AT FORT SNELLING

Minneapolis, Aug. 27. — Peace reigns today between the erstwhile embattled forces of the Minnesota boxing commission and the Fort Snelling athletic association.

The bitter enemies have shaken hands, wished each other luck and left their differences to the verdict of the law.

In a meeting attended by Colonel Bjornstad, commandant of Fort Snelling, Mike Gibbons, matchmaker of the Snelling boxing club, and the members of the state boxing commission, a compromise was reached which assured the fans of at least one evening of fighting in the ideal Snelling arena and leaves the future of that club in the hands of the state attorney general who has been asked to rule upon the legality of the question.

Inasmuch as he has already ruled against the fights quite decisively the decision to abide by his verdict doubtless means that the first fights at Fort Snelling will be the last until the state law is altered or the state commission decides to issue another license.

Lieutenant Governor Louis L. Collins was instrumental in bringing the opposing factions into conference and to a compromise agreement. It was at his invitation that the meeting was called and it was his recommendation of a solution that was ultimately agreed upon.

The gist of the agreement is that the commission will not interfere with the proposed program tomorrow but that all parties will abide by the decision of the state's attorney general in the question of future shows.

CINCINNATI SWIMMER WINS FOUR MILE RACE

Cincinnati, Ohio, Aug. 27—Walter Laufer, age 17, Cincinnati, was an marathon swimming race in the Ohio river. John Moore, Indianapolis, last year's victor, was second.

Laufer's time was two hours.

Although the champion maintained one of the best strokes ever seen in such a contest here, low current prevented him equalling the 93 minute five seconds record set by Charles Montgromery, Pittsburgh, in 1920, when high water made swimming conditions more favorable.

SPORTS

McGRAW'S GENIUS TAKES TEAM TO VICTORY

By HENRY L. FARRELL
United Press Sports Editor

New York, Aug. 27.—After the genius of leadership he has shown in the last three seasons, it might be true, even if it sounds a little unfair to his boys, to say that John McGraw can win a pennant with any kind of a good ball club.

The New York Giants of 1922 were, in comparison to the other clubs in the National League, a fine ball club, but it is almost certain that they would not have won the pennant behind any manager other than McGraw.

No other manager, with such a dilapitated pitching staff, could have urged the Giants to the heights which they attained in the critical parts of the 1923 pennant race.

Outside of the pitching department, which some tacticians consider the most important, the Giants have a great team. McGraw has said he figures it to be the smartest and the best ball club he has ever handled.

In building up what no doubt will turn out to be at least a three-time pennant winner, McGraw was able to find everything but good, young pitchers, and since the New York club has more money to spend than any other National League club, it seems but fate that has reduced the team to such poverty in pitching.

From the results of the 1921 and 1922 pennant races, it might be argued that a great team can win without great pitchers, but the results are achieved only by genius in direction. McGraw has that genius and the figures show that it is possessed by no other manager.

MARK ARIE WON G. A. HANDICAP

Chicago, Aug. 27—Mark Arie, veteran Champaign, Ill., trapshooter, broke 96 targets to win the Grand American handicap Saturday at the South Shore Country club.

Shooting at scratch, 236 yards from the target, Arie was one up on his nearest competitor, F. Hughes of Mobridge, S. D.,Arie also took high total honors for the week, breaking 956 of 1,000 birds shot at, giving him the governor's cup.

Frink Loses Title

The Grand American handicap title had been held by J. F. Frink, Worthington, Minn. His was one of three titles won by Minnesotans last year, Dave Fauskee, also of Worthington, having held the North American amateur title and Mrs. E. L. King, Winona, the North American honors for women. Mrs. King was the ony one of the three to repeat this year.

A stiff wind danced the targets about to furnish additional handicaps for the shooters, and a half dozen bird busters who had a chance to tie Arie, fell down on their last 25 birds and dropped low on the tally sheet. Saturday's event was the only one of the week that Arie had won, but each day he scored high enough to land the high total for the week.

Frank Hughes, Mobridge, S. D., topnotcher will probably see his last three targets of today's event for the rest of his natural life. Hughes slammed down 95 of the first 97 targets, and then, luckily for Arie, he muffed his final three shots and lost his chance at the crown, in the most dramatic moment of the big tournament.

Five Tie for Third

Five shooters tied for third honors with 94 birds killed of the 100 throw. Those who descended from the platform with 94 to their credit were Adam Frankenholz, Chicago; Gus Payne, Tulsa, Okla.; E. M. Rousch, Saskatchewan, Sask.; Joe Dawson of Omaha, and S. R. Hunt of Troy, Ohio.

MRS. MELVIN JONES LEADS IN TOURNEY

(By United Press)

Exmoor Country Club, Highland Park, Ill., Aug. 27.—Mrs. Melvin Jones, Olympia, today took an early lead in the qualifying round of the women's golf championship tournament with a card of 86.

TIDEN-NORTON WIN NATIONAL DOUBLES

Brookline, Mass., Aug. 27.—William T. Tilden, American champion and Brian Norton, the young South American star, became the American doubles champions here when they defeated Richard Norris Williams and Watson Washburn, former Davis cup pair at 3-6, 6-2, 6-3, 5-7 and 6-2.

Before a fashionable gallery, the two teams engaged in a bitterly contested five set match in which service predominated in almost every game.

At the end of four sets the outcome was doubtful, but Williams and Washburn became unsteady in the final set, and their errors, coupled with the superior service of the British-American pair, caused them to lose the match.

Norton, the South African, played most brilliantly, and he was especially effective on his service as he failed only twice in the entire match to make his service good.

In the final round of the Longwood invitation tournament, Mrs. Molla Mallory, former American champion, defeated Miss Kathlene McKane, ranking star of England, in straight sets at 6-2 and 6-1.

H. L. Johnson of Weban, Mass., won the national boys' single championship by taking the final round from his cousin, M. T. Hill, at 4-6, 6-4 and 6-4.

J. W. Wear and son of Philadelphia won the father and son doubles championship by defeating A. H. Chapin and son of Springfield, Mass., at 6-1 and 8-6.

William T. Tilden and Mrs. Molla Mallory won the mixed doubles championship by defeating J. B. Hawkes, the Australian star, and Miss Kathlene McKane, the British star, at 6-3, 2-6 and 10-8.

George Lott, Chicago, won the national junior singles championship when he defeated E. C. Chandler of Berkeley, Calif., at 6-3 and 11-9.

RENT THAT ROOM—CALL 74

DATES ARE SET FOR WORLD'S SERIES; TO START OCT. 9 OR 10

(By United Press)

New York, Aug. 27.—This year's world's series between National and American league champions will start on Oct. 9 or 10, according to present plans.

The major league season, closing a week later than in 1922, is scheduled to end Oct. 7. Should both New York clubs maintain their places at the top for the third successive year, the annual title struggle probably will begin Tuesday, Oct. 9. In the event either or both is displaced, however, and the champion teams separated by a great distance, the series likely will start Oct. 10.

No action on details will be taken by baseball officials until more certainty exists as to the outcome of the pennant races. They will be worked out some time next month by President Heydler and Johnson of the National and American leagues in conference with Commissioner Landis.

WEEK'S REVIEW OF THE BIG LEAGUES

New York, Aug. 27.—The Giants improved slightly last week on their performance of the week before, winning four games of the seven played. Cincinnati, however, continued to creep up alarmingly, winning all six of the week's games. Pittsburgh also had a perfect percentage, taking all five played. Yesterday the Giants and Pittsburgh won, while the Reds took a rest. Boston slumped lower, losing four of the six games played. Philadelphia lost five out of six.

In the American, the Yankees lost a slight portion of their lead, dropping four of the six games played during the week, and also losing yesterday's game to Cleveland, which won three of the five week day games. Boston added to its lead for last place by losing six out of seven last week, but won from Chicago yesterday.

Twin Bill Split

Crosby Aug. 27—Hibbing and Crosby divided a double header here Sunday. Hibbing won the first game, 5 to 2, after playing 10 innings but dropped the second contest, 6 to 2.

Delaney-Wiggins

The main bout at Fort Snelling on August 28 at 8 P. M. will be between Jimmy Delaney, wel known in Brainerd, and Chuck Wiggins, being 10 rounds to a decision.

40 POUND "MUSKIES" RECORD IN GAME CLASS

Minneapolis, Aug 27—A muskallunge which tipped the scales at 40 pounds and broke the record for game "muskies," was placed on display last week in Witt's Market House window. It was caught in Whitefish lake, near Pequot, by H. D. Williams of Pequot, with a 25 pound tested line, after an hour's battle. The fish was the largest game "muskie" ever displayed in the store Roy Witt said, though he had handled commercial muskies weighing 57 pounds.

Swimmer Lowers Record

Chicago, Aug. 27—Eugene Bolden used a powerful crawl stroke in winning the 15th annual river swim, conducted by the Illinois Athletic club. Bolden covered the three mile course in 58:09 minutes, more than two minutes slower than the record. John H. Ball of Peoria finished second.

GOLF TOURNAMENT ON LABOR DAY

Preparations are under way for the big golf tournament which will be staged on Labor day, when Little Falls will send twelve of her best players to meet the Brainerd team on the links of the local country club.

This is the last tournament of the season, and it is hoped to make it the most interesting, with much glory for the home team. Brainerd made a pilgrimage to Little Falls early in the season, and were beaten by a close score. Naturally it is expected that the tables will be turned on Labor day.

Of particular interest to members of the country club, is the wiener roast, to be held on Tuesday evening. This event has been in the making for the past month, it first being decided to hold it on August 30th. But because that date is payday and on account of the Crow Wing County Fair in session at that time, it was decided to hold the roast on Tuesday.

During the afternoon there will be both a men's and a ladies' tournament. The ladies' play will begin at three o'clock and the men's a half hour later. Notify the grounds keeper that you will enter these plays.

The wiener roast is scheduled to begin promptly at 5:30, and all members are requested to be on hand at that hour. Each person is to bring a fork, spoon and cup.

After full justice has been done to the roast, a series of games will be played around the camp fire. On account of the short evenings, the whole program must be staged at the appointed hours.

STATUS OF BOXING AT FORT SNELLING

Minneapolis, Aug. 27. — Peace reigns today between the erstwhile embattled forces of the Minnesota boxing commission and the Fort Snelling athletic association.

The bitter enemies have shaken hands, wished each other luck and left their differences to the verdict of the law.

In a meeting attended by Colonel Bjornstad, commandant of Fort Snelling, Mike Gibbons, matchmaker of the Snelling boxing club, and the members of the state boxing commission, a compromise was reached which assured the fans of at least one evening of fighting in the ideal Snelling arena and leaves the future of that club in the hands of the state attorney general who has been asked to rule upon the legality of the question.

Inasmuch as he has already ruled against the fights quite decisively the decision to abide by his verdict doubtless means that the first fights at Fort Snelling will be the last until the state law is altered or the state commission decides to issue another license.

Lieutenant Governor Louis L. Collins was instrumental in bringing the opposing factions into conference and to a compromise agreement. It was at his invitation that the meeting was called and it was his recommendation of a solution that was ultimately agreed upon.

The gist of the agreement is that the commission will not interfere with the proposed program tomorrow but that all parties will abide by the decision of the state's attorney general in the question of future shows.

CINCINNATI SWIMMER WINS FOUR MILE RACE

Cincinnati, Ohio, Aug. 27—Walter Laufer, age 17, Cincinnati, was an marathon swimming race in the Ohio river. John Moore, Indianapolis, last year's victor, was second.

Laufer's time was two hours.

Although the champion maintained one of the best strokes ever seen in such a contest here, low current prevented him equalling the 93 minute five seconds record set by Charles Montgromery, Pittsburgh, in 1920, when high water made swimming conditions more favorable.
